**PRESS RELEASE**

**Lindale ISD Hires New Technology Director**

Lindale ISD is excited to announce the hiring of Randall Anderson as the new Director of Technology.

Anderson is a graduate of The University of Texas at Tyler with a Bachelor of Science in Computer Information Systems. He has held several positions with the technology team at Lindale ISD serving as a technician, data analyst and network administrator. Prior to his work with Lindale ISD, Anderson was employed with Fujitsu Telecommunications in Richardson, Texas as a Telecommunications Specialist/Leader.

During his time with Lindale ISD, Anderson has spent the last several years adding over 3,000 student and teacher iPad devices, upgrading equipment and supporting technology integration in the classroom.

“We are pleased to announce Randall Anderson as the Director of Technology for Lindale ISD,” said LISD Superintendent Stan Surratt. “Mr. Anderson has been leading the technology department for the last several months as our interim director and he has all of the skills and experience that we were looking for. We are extremely excited about the leadership of Mr. Anderson.”

Anderson and his wife Lori Anderson, have been with the Lindale ISD and a part of the Lindale community for many years. They have two daughters, Abbie who graduated this past May from Lindale High School and will be attending UT Tyler in the fall, and their youngest daughter Kathryn, who is set to graduate from Lindale High School in 2020.

“I am extremely grateful and blessed to be given the opportunity to support Lindale ISD as the Director of Technology,” said Anderson. “Through the past 6 years, I have had the pleasure of working with the dedicated and dynamic staff at Lindale and look forward to the upcoming years providing critical support for the education of our students.”
